TECHNICAL DESCRIPTION

1.0 [] shall modify a Government Furnished Model MIM #4 Light Table, originally manufactured by the [] to incorporate the [] Model B Four (4) Motor Film Drive with 1000 foot capacity.

2.0 The above modification shall consist of the following:

2.1 Removal of existing film drive motors and brackets from support bar.

2.2 Removal of existing support bars from the table.

2.3 Install [] Model B Film Drive Motor supports on existing Model MIM #4 light table structure in place of support bars using existing mounting holds.

2.4 Incorporation of electrical components and assemblies associated with the Model B Film Drive on either the MIM #4 light table or overhead carriage mount at [] discretion. Such incorporation may require removal or modification of the existing MIM #4 film drive electrical module.

3.0 In as much as the existing MIM #4 table is capable of handling 1000 foot rools of film in conventional, take up loop and split vertical operation configuration, incorporation of the Model B Film Drive is based upon utilization of the existing MIM #4 light table without structural modification. For the above reasons, this proposal does not contemplate or provide for examination or modification of the MIM #4 structure.

4.0 In order to accomplish this modification program certain Government Furnished Equipment is required. It is requested that the Government provide the following equipment:

Approved For Release 2005/02/17 : CIA-RDP78B04770A001700050002-8

Quantity	Description
4.1 1 ea	Model MIM #4 Light Table with overhead carriage, elevating floor stand and motorized dual film strand, split vertical threading, 1000 ft. capacity drive.
4.2 2 ea	1000 ft. rolls of representative 9½ inch standard and thin base film to be used on the modified light table on 1000 ft. spools.
4.3 2 ea	1000 ft. 9½ inch film spools.

5.0 The modified MIM #4 light table, incorporating the Model B Four (4) Motor Film Drive with 1000 ft. roll capacity, shall be capable of handling dual strand 70mm to 5 inch film in conventional, or take up loop threading configurations and 9½ inch film in conventional or split vertical threading configurations.

6.0 [] shall perform a preliminary comparative evaluation to determine the following factors:

6.1 Tracking of film

6.2 Speed of film

6.3 Low velocity scanning capability

6.4 Subjective evaluation of noise and vibration at various operating speeds.

6.5 Factors under 6.1 through 6.4 above shall be accomplished on both the existing MIM #4 film drive prior to modification and the Model B film drive after modification. Such comparative evaluation shall be accomplished by [] at no cost to the Government. [] will be pleased to supply the cognizant Government Technical Monitor with an outline copy of its evaluation. The evaluation of the existing MIM #4 is necessary in order to establish design goals for the Model B film drive to maximize its operation characteristics.

7.0 Performance of this modification shall be completed within ninety (90) days after receipt of the Government Furnished Equipment or the fully executed contractual document whichever occurs later.

7.1 Upon completion of the equipment modification, [] shall notify the Government Technical Monitor and shall, at a mutually agreeable date, as early as possible thereafter, perform a demonstration of the modified equipment at the [] facility for the Government Technical Monitor at which time final acceptance of the modified equipment shall be made.

STAT tion appears to [] satisfaction to be defective under
the above warranty. All costs of shipping any defective goods to
STAT [] factory and returning them to the Buyer shall be
borne entirely by the Buyer.

STAT [] MAKES NO IMPLIED WARRANTY OF MERCHANT-
ABILITY BEYOND THE EXPRESSED TERMS OF THIS AGREEMENT.
UNLESS EXPRESSLY AGREED TO BY [] IN WRITING, STAT
STAT [] DOES NOT WARRANT ITS GOODS OR MODIFICA-
TION AS TO THEIR FITNESS FOR ANY SPECIAL USE OR FUNC-
TION OR AS TO THEIR LIFE AFTER SALE TO BUYER AND/OR
TO SUBSEQUENT BUYERS OR USERS THEREOF. THERE ARE NO
WARRANTIES, EXPRESSED OR IMPLIED, ARISING FROM COURSE
OF DEALING, COURSE OF PERFORMANCE OR USAGE OF TRADE
WHICH EXTEND BEYOND THE FACE OF THIS AGREEMENT.

1.2.9 This proposal is firm for sixty (60) days from the date of
this submittal.
